Popis

Home Credit Platinum integrates the opportunity for your clients to ask for a purchase in your E-SHOP to pay the price of the goods in the form of a loan

v.4.0, VirtueMart 3.x,
CMS Joomla 3.x.

Only if your client in E-SHOP chooses a payment method for payment [Home Credit](#) (hence wishing to pay the price of the product via Home Credit) and then fill out the form (loan application) on Home Credit's website (where your E-SHOP will be redirected from the final stage of your order). After ONLINE credit approval by Home Credit, you do not prevent your merchant from shipping the ordered goods.

Plugin just install on Joomla 3, fill in the data received from Home Credit and start using it. Prior to (productive) productive operation, the first test (so-called training) is followed. Plugin can be used for Slovak and Czech Home Credit. In the plugin administration, you choose the branch (CR - SR) with which you have a contract.

This version of the payment plugin supports payment authorization.

Establishment and technical implementation of the Home Credit payment plugin

Home Credit Slovakia a.s., a member of the PPF Group, founded in 1999, is one of the leading providers of consumer finance in the Slovak Republic. It offers a wide range of credit products. The Plug-in System Plug-in to the Virtuemart environment after completing the data received from Home Credit is ready to run productively.
